1.6	The application of this Policy assists OVH to meet the outcomes of the Regulatory Framework for Social Housing in England adopted by the Regulator of Social Housing, as outlined below: <ul style="list-style-type: none"> • Neighbourhood management Registered providers shall keep the neighbourhood and communal areas associated with the homes that they own clean and safe. 2.1	OVH will comply with all relevant legislation, regulations and contractual obligations in all areas of work in regard to safeguarding and promoting the welfare of children.
2.2	The OVH Board (under delegated authority) and senior management teams will demonstrate a clear commitment to the importance of safeguarding children and promoting their welfare by approving this Policy and ensuring its effective operation.
2.3	OVH will ensure there is a Designated Person (and Deputies) within the organisation that will take the lead role for, providing support to staff members and liaising with the relevant external agencies, where appropriate, if a child is assessed as a child in need and / or subject to a child protection plan.

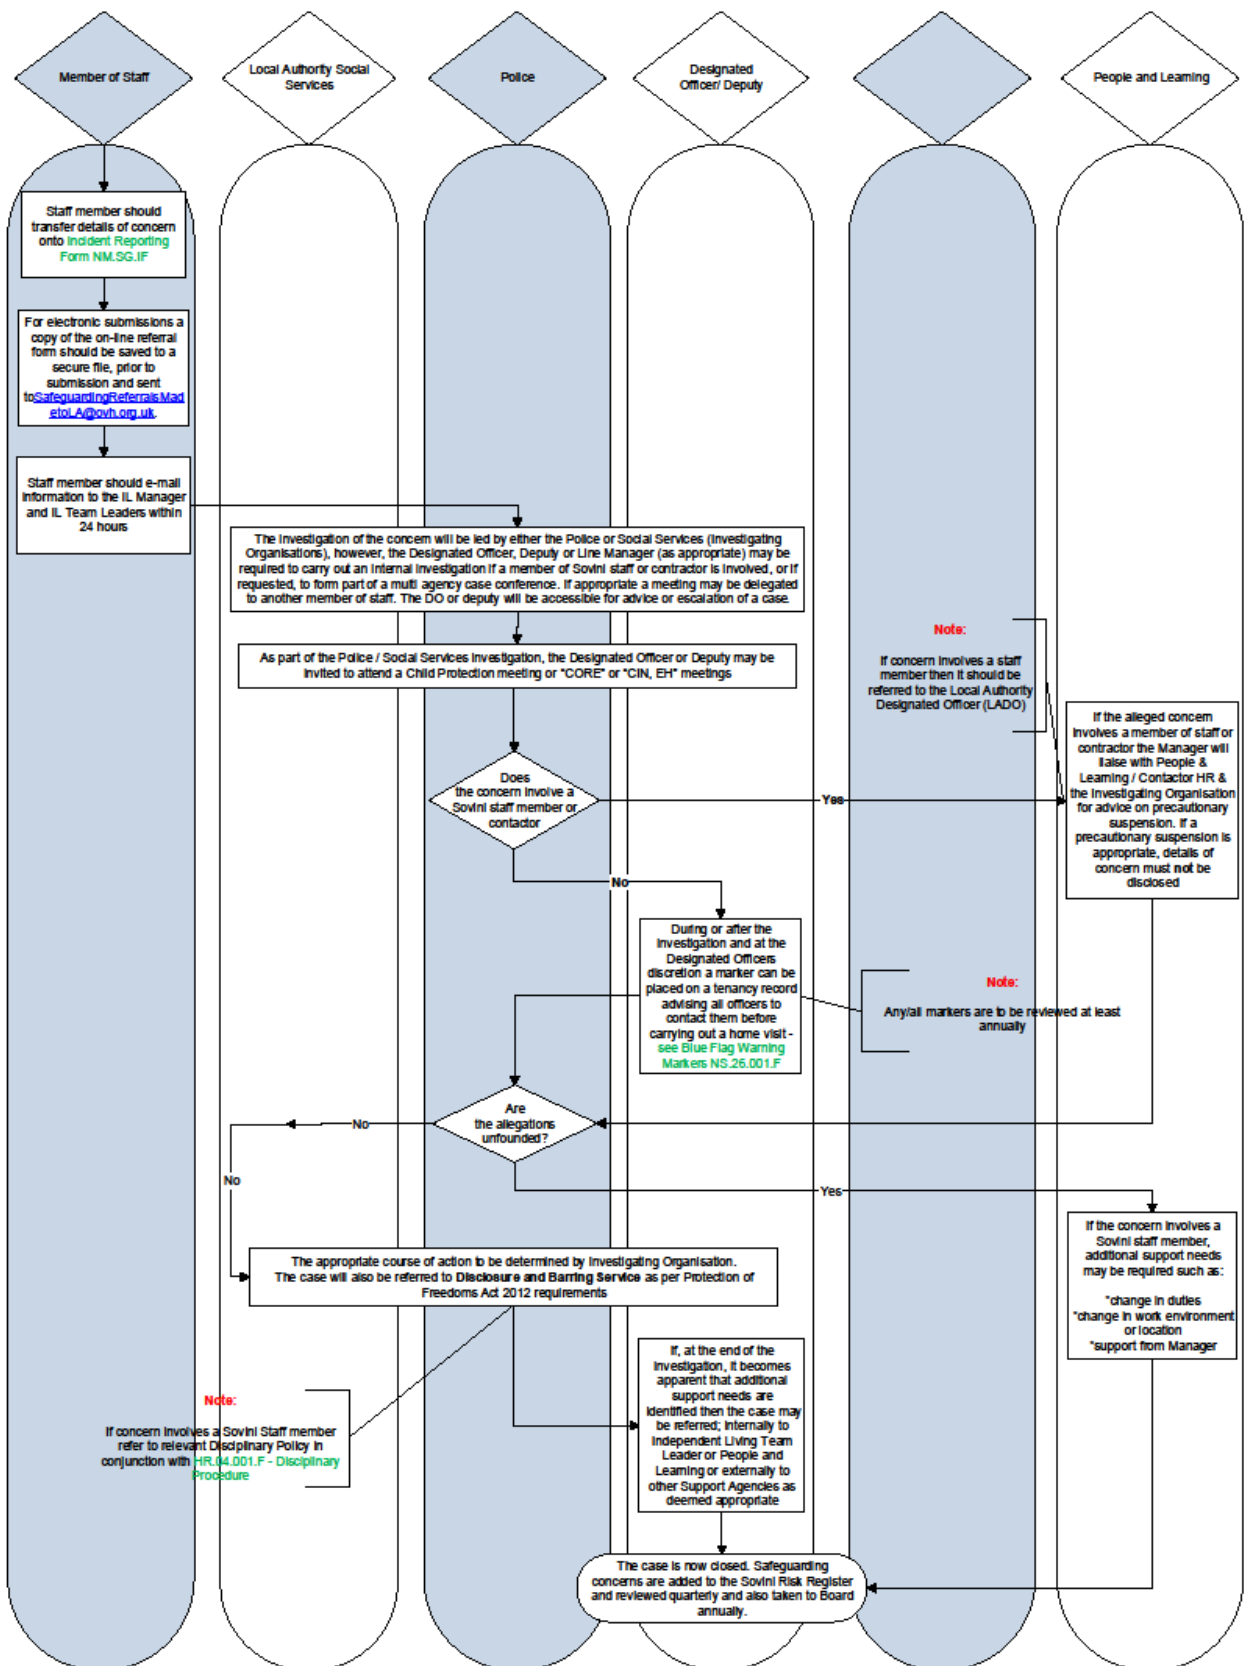

2.4	Staff wishing to contact the Designated Person with safeguarding concerns will receive priority over any other business.
2.5	OVH have in place clearly understood and widely accessible procedures for staff to report safeguarding children concerns, that will be consistently applied.
2.6	OVH will provide staff with comprehensive guidance on identifying safeguarding children concerns and training will be provided as part of the induction process for all new starters. For all staff with front line duties, refresher training will be provided on a rolling three-year basis. Staff will be trained to the level identified as required for their role and responsibilities.
2.7	OVH will provide additional support services and make referrals to external agencies as necessary where concerns are raised that on investigation by the relevant safeguarding body are found to have no ongoing safeguarding implications but highlight other support needs for the individuals concerned.
2.8	Through training, OVH staff will be encouraged to develop 'professional curiosity' (staff to avoid making assumptions and to look beyond face value information) to include recognising the 'voice of the child' in their understanding of a situation and ensure any safeguarding alerts they raise capture the child's lived experience and environment.
2.9	<p>OVH will have in place recruitment and selection Policies that identify which positions are likely to involve 'regulated activity' and will ensure appropriate security checks and clearances are obtained before employees commence work with the organisation. Regulated activities are defined by the Protection of Freedoms Act 2012 as:</p> <ul style="list-style-type: none"> • Unsupervised activities: teach, train, instruct, care for or supervise children, or provide advice/guidance on well-being, or drive a vehicle only for children. • Work for a limited range of establishments ('specified places'), with opportunity for contact: for example, schools, children's homes, childcare premises. 2.10	OVH has clear procedures in place for dealing with allegations made against staff members where safeguarding children concerns are raised, that adhere to the procedures outlined in the National Statutory Guidance, 'Working Together to Safeguard Children 2018'. In the event of any such allegations, OVH will work in close liaison with the Local Authority Designated Officer.
2.11	The procedures include scope for precautionary suspension of the staff member whilst any investigation into allegations raised is carried out by the appropriate authority. If found to be guilty and in line with its zero-tolerance stance to all forms of neglect, abusive or exploitative behaviour, subsequent disciplinary action will result. There are also clear procedures in place for dealing with malicious or unfounded allegations.
2.12	OVH will work closely with partner agencies in responding to safeguarding children concerns and will adhere to the Safeguarding procedures established by the local multi agency safeguarding arrangements in the area of its operations, including local authority partners to address child exploitation / child sexual exploitation issues.
