

Access to Properties Policy

Originator:	Policy and Strategy Team
Executive Management Team Approval Date:	August 2024
Review date:	August 2027

1	Introduction
1.1	As a responsible landlord, One Vision Housing (OVH) aims to maintain the condition of properties it owns and manages and ensure the safe welfare of occupants, as far as is reasonably practical, at all times.
1.2	In pursuing this aim OVH, will in a number of circumstances, require access to properties and adjoining grounds. Right to this access is an express condition of the tenancy and lease agreements that OVH issue and OVH will expect that, given reasonable notice, access will be granted by the occupants of properties it owns and provides services to.
1.3	This Policy sets out the approach OVH will take in securing access for legitimate housing management purposes, when this is likely to be required and the steps it will take if permission for access is not granted or not available when necessary.
1.4	<p>The application of this Policy ensures compliance with the outcomes of the Regulatory Framework for Social Housing in England, responsibility of the Regulator of Social Housing as outlined below:</p> <ul style="list-style-type: none"> • When acting as landlords, registered providers must take all reasonable steps to ensure the health and safety of tenants in their homes and associated communal areas • Registered providers must provide an effective, efficient and timely repairs, maintenance and planned improvements service for the homes and communal areas for which they are responsible
1.5	Access and Communication
1.5.1	OVH is committed to ensuring that our services are accessible to everyone. OVH will seek alternative methods of access and service delivery where barriers, perceived or real may exist, that may make it difficult for people to work for OVH or use its services.
1.5.2	Working with our customers we have established a Vulnerable Persons and Reasonable Adjustments Policy to ensure we make best use of every customer interaction to meet customers’ needs in our service delivery and ensure this information is kept up to date.

1.6	Equality, Diversity and Human Rights
1.6.1	OVH is committed to ensuring that no person or group of persons will be treated less favourably than another person or group of persons and will carry out our duty with positive regard for the following core strands of equality; Age, Disability, Gender, Race, Gender Identity / Gender Expression, Sexual Orientation, Pregnancy and Maternity, Marriage and Civil Partnership, Religion and / or Belief.
1.6.2	OVH also recognises that some people experience disadvantage due to their socio-economic circumstances, employment status, class, appearance, responsibility for dependants, unrelated criminal activities, being HIV positive or with AIDS, or any other matter which causes a person to be treated with injustice.
1.6.3	OVH will also ensure that all services and actions are delivered within the context of current Human Rights legislation. OVH will endeavour to ensure that its staff and others with whom it works, will adhere to the central principles of the Human Rights Act (1998).
1.7	The Policy should be read in conjunction with: <ul style="list-style-type: none"> <li data-bbox="304 857 1098 891">• The OVH Repairs, Maintenance and Planned Works Policy <li data-bbox="304 898 692 931">• The OVH Gas Safety Policy <li data-bbox="304 938 679 972">• The OVH Recharge Policy <li data-bbox="304 978 799 1012">• The OVH Tree Management Policy <li data-bbox="304 1019 876 1052">• The OVH Visitors and Guest Room Policy <li data-bbox="304 1059 911 1093">• The OVH Responsible Pet Ownership Policy <li data-bbox="304 1099 1023 1133">• OVH Independent Living Missing Persons Procedure

2	Statement of Intent
----------	----------------------------

2.1	OVH will comply with its legal obligations when attempting to gain access to occupied properties it owns or manages and only in line with tenancy and lease agreement conditions.
2.2	Normally this will include giving not less than 24 hours written notice before access is required, unless otherwise arranged by agreement with the occupier.
2.3	OVH will only request or seek to gain access to a property it owns or manages in pursuit of a genuine housing management issue or where it is reasonably believed that an immediate danger to the health and safety of individuals or animals is present.
2.4	OVH may also request or seek to gain access to prevent or remedy damage to the property or adjoining properties.
2.5	In non-emergency situations, OVH will adopt a 'reasonable approach' to gain access to properties through multiple attempts at contact with the occupier to secure access by agreement.
2.6	OVH will adjust its approach to access and may work in partnership with external support and advocacy agencies where the occupiers are known to be vulnerable in any way or there are barriers to communication.

- 3.1 For the purposes of this Policy where reference is made to OVH in regard to access, this includes any agency or individual acting on OVH's behalf.
- 3.2 **Pre-planned Access**
- 3.2.1 There are various reasons why OVH would need to secure access to properties it owns and / or manages on a pre-planned basis. Non exhaustive examples include:
- Access to carry out repairs which are the landlord's responsibility to complete
 - Access to carry out safety checks to ensure it meets its legal 'compliance' obligations e.g. to carry out annual gas safety checks in line with Landlord Gas Safety Requirements (LSGR) or fire risk works
 - Access to assess the general condition of properties or for the presence of known hazards e.g. asbestos surveys
 - Access to assess the need for, or to carry out investment works and property improvements to eliminate hazards or maintain / enhance asset values
 - Access to assess both the condition of the property and that the needs of tenants are being met effectively
- 3.2.2 For each of the examples outlined above of why access may be required and others not listed, OVH will have a detailed procedure that it will follow to ensure consistency and fairness.
- 3.2.3 The process will vary according to the timescales for each action, but common factors will include multiple, reasonable attempts to secure access by arrangement with the occupier and at times that are mutually agreeable.
- 3.2.4 Listed below are the types of measure OVH will deploy to gain access on a planned basis:
- Writing to the occupier in advance outlining why access is required and providing a proposed date (also details of how to contact OVH to make an alternative appointment if this is not convenient)
 - Contact by telephone or email to secure an appointment date
 - Home visit to book an appointment date
- 3.2.5 OVH may repeat the above attempts to maximise the opportunities to secure appointments by arrangement.
- 3.2.6 Where occupants fail to respond to the above attempts OVH may also, depending on individual circumstances and the urgency of the access required, deploy the following measures to secure access:
- Make contact with relatives or those listed as having caring responsibilities
 - Make contact with neighbours
 - Make contact with known external support and advocacy groups
- 3.2.7 In all attempts to gain access OVH will endeavour to meet preferred communication methods where these are known e.g. where English is not spoken as a first language and will keep a record of all the attempts it makes.

3.3 **Enforcement Actions**

3.3.1 In the vast majority of cases the above measures usually result in access being secured, however, there are occasions where OVH may be required to take tenancy or lease enforcement actions to secure access. This may include:

- Applying for injunctions from the courts to enforce the landlords 'right of access'
- Serving 'Notices Seeking Possession' for breach of tenancy and applying to the courts to bring the tenancy to an end

3.3.2 OVH will only pursue the above legal remedies for gaining access to properties when all other reasonable attempts at contact and access by agreement have been exhausted.

3.3.3 OVH will deal with any property that is suspected to be abandoned in line with its Suspected Abandoned Property Procedure.

3.4 **Emergency Access**

3.4.1 In certain circumstances, OVH may be required to gain immediate access to properties where there is a reasonable assumption that there is a threat to the health and safety of individuals or failure to act may result in property damage.

3.4.2 OVH will only ever attempt immediate access in extreme circumstances, non-exhaustive examples including where there is a flood, gas escape or suspected medical emergency and when it is safe to do so.

3.4.3 In these circumstances permission to act will normally be required from a Neighbourhood Services Manager, Independent Living Manager or similar if this possible in the timeframes concerned.

3.4.4 Where OVH is required to gain access in this way it will:

- Ensure follow up attempts are made to trace the property occupants to inform them of the actions undertaken
- Ensure the property is left safe and secure (this may on occasion involve carrying out a locks change. Where this is required, OVH will endeavour to leave messages or notification to the tenants / leaseholders of how they can obtain replacement keys)
- Take photographic evidence of the property by means of an inventory and / or as evidence for legal action that may follow

3.4.5 If OVH is required to gain access in emergency situations to remedy a fault that is found to be of the occupants making, it reserves the right to recharge the occupants for all works undertaken, e.g. where taps have been left running causing flood damage.

3.5 **Arrangements for Independent Living Properties – Welfare Issues**

3.5.1 In a small number of OVH 'Retirement Living' properties (purpose built sheltered housing scheme with communal facilities) OVH hold, by agreement with the tenants, a set of 'suited keys' to individual properties.

3.5.2	OVH may use the suited keys where there is reasonable belief that the occupant is in danger in any way and contact cannot be made by normal means e.g. in cases of medical emergency. This action will normally only take place once other attempts to trace the whereabouts of the occupiers have been exhausted, as per the OVH Independent Living Missing Persons Procedure.	
3.6	Access by Key-Safe Arrangements	
3.6.1	Across a range of properties that OVH owns and manages, occupants may choose to install 'Key-Safe' facilities, whereby a key to the property is kept in an external and secure box that can be accessed by entering a personalised code.	
3.6.2	Entirely at an occupant's discretion, they may share the code with OVH staff so that they may gain access to the property in an emergency situation.	
3.6.3	Where this arrangement exists, OVH will not share the code with any third party without the occupants' permission and will attempt to contact the occupant via intercom or telephone when the key-safe facility is to be used.	
4	Implementation	
4.1	All OVH staff need to be aware of the 'Access to Properties Policy' to be able to direct any customer queries that may arise.	
4.2	The Policy will have particular relevance to staff whose roles are involved in front line services and where access to properties is a requirement of the job.	
5	Performance	
5.1	OVH Asset Management and Neighbourhoods Services Teams will meet frequently to case manage any circumstances where reasonable attempts at property access is denied by customers and the Executive Management Team receive periodic performance reports.	
6	Consultation	
6.1	All OVH staff have been consulted in the development of this Policy. The Tenant Policy Review Group were also consulted on the Policy development.	
7	Review	
7.1	The Policy will be reviewed by the OVH Executive Management Team as near as possible to the anniversary of approval, every three years, or more regularly if required by changes in OVH business practices, as a result of system audits or the commencement of new legislation or regulations that impact on access to properties.	
8	Equality Impact Assessment	
8.1	Was a full Equality Impact Assessment (EIA) required?	No

8.2	When was EIA conducted and by who?	An EIA Relevance Test was undertaken by the Policy and Strategy Manager and the Quality and Inclusion Officer	
8.3	Results of EIA	The EIA Relevance Test did not indicate any adverse or differential impacts for any group with protected characteristics as a result of the operation of this Policy.	
9	Scheme of Delegation		
9.1	Responsible committee for approving and monitoring implementation of the policy and any amendments to it	OVH Executive Management Team	
9.2	Responsible officer for formulating policy and reporting to committee on its effective implementation	Operations Director – Housing and Customer Services	
9.3	Responsible officer for formulating, reviewing and monitoring implementation of procedures	Operations Director – Housing and Customer Services	
10	Amendment Log		
Date of revision:	Reason for revision:	Consultation record:	Record of amendments:
First Version of Policy	NA	See Section 6	NA
4 th August 2020	In line with the Review Schedule	See Section 6	There are no significant changes to the Policy in this review.
20 th August 2024	In line with the Review Schedule	See Section 6	<ul style="list-style-type: none"> The EIA information at Section 8 has been updated
