

Compensation Policy

Originator:	Regulatory Compliance Team
Executive Management Team Approval Date:	February 2025
Review date:	February 2028

1	Introduction
1.1	One Vision Housing (OVH) is committed to delivering quality services that consistently meet or exceed customers' expectations.
1.2	We recognise that occasionally the level of service provided may fail to achieve the agreed standards and this may result in inconvenience to our customers. In these circumstances, OVH will consider making a discretionary offer of compensation or gesture of good will.
1.3	This Policy sets out the circumstances when discretionary compensation and gestures of goodwill will be considered by OVH. It also highlights statutory obligations OVH must comply with in paying compensation in relation to the following: ○ Right to Repair (introduced as part of the Citizens Charter Scheme 1st April 1994) ○ Right to Compensation for Improvements (introduced as part of the Citizens Charter Scheme 1st April 1994) ○ Home Loss and Disturbance Payments (Under the terms of the Land Compensation Act 1973 as amended)
1.4	The Policy applies to all types of tenants or leaseholders of OVH or applicants for housing via the choice based letting schemes it is part of in areas of its operations. The Policy does not apply to other members of the public with whom the Association has no contractual relationship.
1.5	The application of this Policy ensures compliance with the outcomes of the Regulatory Framework for Social Housing in England as outlined below: • Registered providers must ensure complaints are addressed fairly, effectively, and promptly
1.6	Access and Communication
1.6.1	OVH is committed to ensuring that our services are accessible to everyone. OVH will seek alternative methods of access and service delivery where barriers, perceived or real may exist, that may make it difficult for people to work for it or use its services.

1.6.2	Working with our customers we have established a Vulnerable Persons and Reasonable Adjustments Policy to ensure we make best use of every customer interaction to meet customers' needs in our service delivery and ensure this information is kept up to date.
1.7	Equality, Diversity and Human Rights
1.7.1	OVH is committed to ensuring that no person or group of persons will be treated less favourably than another person or group of persons and will carry out our duty with positive regard for the following core strands of equality; Age, Disability, Gender, Race, Gender Identity / Gender Expression, Sexual Orientation, Religion and /or Belief, Marriage and Civil Partnership, Pregnancy and Maternity.
1.7.2	OVH also recognise that some people experience disadvantage due to their socio-economic circumstances, employment status, class, appearance, responsibility for dependants, unrelated criminal activities, being HIV positive or with AIDS, or any other matter which causes a person to be treated with injustice.
1.7.3	OVH will also ensure that all services and actions are delivered within the context of current Human Rights legislation. OVH will endeavour to ensure Staff and others with whom it works, adhere to the central principles of the Human Rights Act (1998).
1.8	The Policy should be read in conjunction with the: • OVH Complaints, Appeals and Feedback Policy
2	Statement of Intent
2.1	In applying this Policy, OVH will constantly strive to improve the services it delivers to its customers. To this effect, OVH will: • Aim to resolve problems quickly and effectively to the customer's satisfaction and within agreed timescales • Apologise where service failure has been identified • Learn from mistakes and change the way services are delivered as a result and provide feedback to individuals / other customers via the website and regular publications • Comply with any recommendations to award compensation from the Housing Ombudsman
3	Policy
3.1	Service Failure – (Discretionary Compensation)
3.1.1	For the purposes of this Policy, OVH makes a distinction between 'compensation' and 'gestures of goodwill' as follows: • Compensation – A payment of recompense for loss of service or out of pocket expense at a quantifiable rate or amount incurred by a complainant as a direct result of OVH actions or failure to act • Gesture of goodwill – A payment made to maintain good relations between OVH and a customer where inconvenience has been caused by OVH actions or failure to act

3.1.2	OVH may choose to pay both compensation and gestures of goodwill together, however, each case will be assessed on its merits.
3.1.3	The level of compensation and gestures of goodwill payable will be commensurate with the level of inconvenience, stress, disturbance or annoyance suffered by the customer and the level to which OVH have been directly responsible.
3.1.4	In all claims for compensation, OVH will look to replace damaged / destroyed items rather than award monetary value. Where this is the case, customers may be asked to provide receipts or proofs of purchase or up to three quotes to replace or repair the damaged or destroyed items.
3.1.5	Where it is not possible to replace the destroyed or damaged items, OVH will award the compensation in monetary terms that will take into account wear and tear value. OVH will not be liable to pay a compensation on a new for old basis.
3.1.6	OVH will not pay compensation for damage or loss of items / property that is supposed to be covered by customer's own Contents Insurance Policy (i.e. damage or loss to property caused by flood, fire etc.).
3.1.7	OVH uses Housing Ombudsman guidelines to assess the amount of compensation awarded. This is to ensure fair outcomes for tenants who receive compensation and to guarantee OVH's compliance with the Housing Ombudsman Complaint Handling Code.
3.2	Statutory Compensation
3.2.1	Right to Repair
3.2.2	OVH will comply with requirements of the Right to Repair legislation in regard to compensation for qualifying repairs.
3.2.3	A qualifying repair must meet the following criteria: • The repair must have a prescribed response timescales of either 1, 3 or 7 days unless the customer has requested otherwise • The repair must not cost more than £250 to complete; and • The response time must take into account the special needs of the tenant or leaseholder including their health, safety or security
3.2.4	If contractors acting on OVH's behalf fail to complete qualifying repairs within the set time, the tenant or leaseholder should inform OVH that the repair has not been done.
3.2.5	In such cases OVH will instruct an alternative contractor to complete the repair and will inform the tenant or leaseholder of the revised deadline for completing the work. Failure to complete the repair within the revised deadline will result in compensation being payable as follows: • £10 – one off payment; and • £2 for each day the repair continues to be outstanding after the revised time period (up to a maximum of £50)

3.2.6 Right to Repair compensation will not be payable if exemptions are identified including missed appointments by the tenant or leaseholder or if the repair value exceeds £250.

3.3 Right to Compensation for Improvements

3.3.1 The Right to Compensation for Improvements applies to tenants who made improvements to their home and have reached the end of their tenancy; however, it does not apply to leaseholders. To be eligible for the Right to Compensation scheme the improvements must be on the list of qualifying items as follows:

Qualifying Improvements	Notional Life
Bath, shower, wash-hand basin or toilet	12 years
Kitchen sink, work surfaces for food preparation, storage cupboards in kitchen or bathroom	10 years
Space or water central heating	12 years
Thermostatic radiator valves	7 years
Insulation of pipes, water tank or cylinder	10 years
Loft or cavity wall insulation	20 years
Draft proofing of external doors and windows	8 years
Double glazing or other external window replacement or secondary glazing	20 years
Rewiring or the provision of power and lighting or other electrical fittings (including smoke detectors)	15 years
Any object which improves security of the dwelling house, but excluding burglar alarms	10 years

3.3.2 The following are the component lifetimes, which OVH will use to calculate payments under the Right to Compensation scheme.

Component	Investment Lifecycle (Years)
Bathroom	35
Kitchen	25
Boiler	20
Radiators	40
Windows & Doors	Houses – 30 Flats – 40
Roofs	60

3.3.3 To qualify for Right to Compensation for Improvements tenants must:

- Have received written consent from OVH for the improvement to be carried out
- Provide three estimates for the work by reputable contractors and have an estimate agreed, in writing by OVH
- Request compensation from OVH no longer than 14 days after the tenancy end date

3.3.4 Tenants can claim compensation for the cost of materials including employed labour but not appliances and their own labour. The amount payable can be up to £3,000 for any one improvement but claims cannot be submitted for improvements that are £50 or less in value.

3.3.5	The amount of compensation payable is calculated taking into account depreciation of the improvement. Depreciation is calculated by the cost of the improvement times the number of complete years it has been installed divided by the notional life.
3.3.6	Right to Compensation for Improvements will not be payable to tenants that apply to purchase their home through the Right to Buy / Right to Acquire schemes or where the tenancy is ended through possession proceedings.
3.4	Home Loss and Disturbance Payments
3.4.1	Home Loss Compensation
3.4.1.1	This is paid to the residents who have been permanently displaced from their homes as a result of any improvement or redevelopment by OVH. Residents are entitled to the compensation for the loss of their home as stipulated in the Home Loss Payment (prescribed amount) (England) Regulations (as amended and in force at the time of the displacement).
3.4.1.2	This will be paid as a flat rate as set by the Government and will only be paid where the resident has been residing in the property for a minimum of one year. For any outstanding payments (e.g. arrears and recharges which are owed to OVH), customers will have the option to have these deducted from any Home Loss Payments which are made, however, this will be the customer's choice.
3.4.1.3	OVH will not pay Home Loss Compensation to tenants on fixed-term tenancies e.g. Market Rent Tenancies
3.4.2	Disturbance Payment
3.4.2.1	Under the Land Compensation Act 1973, residents will be eligible for Disturbance Payments for the reasonable costs of moving from the property. OVH will pay disturbance allowance for the following: • Disconnection and reconnection of appliance and utilities • Where applicable, removals (including returning to the property) • Installation of disability aids and adaptations where OVH has failed to find a pre-fitting adapted house for the resident.
3.4.2.2	Residents who wish to claim Disturbance Payments should provide receipts for the claimed items or alternatively OVH may in certain circumstances arrange for services direct e.g. removals and where this occurs no payments will be made for this element to the customer.
3.4.3	Discretionary Disturbance Payments
3.4.3.1	OVH will offer Discretionary Disturbance Payments to cover those moving on a temporary basis for both the move to a decanted property and the move back to their substantive property. OVH may also consider the use of Discretionary Payments where residents have been residing at their property for less than one year and do not qualify for Home Loss Compensation.
3.4.3.2	A resident is not regarded as permanently displaced if:

	• There is intention to move the resident back to his/her original home on completion of works • A person has opted to stay in the decanting property rather than move back to his/her original home and this is permitted by OVH
4	Implementation
4.1	Where Home Loss and Disturbance payments apply, OVH will provide written notification to tenants and advice on how this will be administered.
4.2	Where tenants, leaseholders or applicants believe there has been a service failure by OVH and compensation should apply they can log a complaint by contacting the OVH CSC via telephone, e-mail, in writing or by contacting staff in person. OVH will provide information in alternative formats where this has been requested by the service user.
4.3	Where appropriate, OVH staff may automatically instigate discretionary compensation payments (approved by an Authorising Officer) without the tenant, leaseholder or applicant having to make a request, where they believe this to be a suitable means of providing redress for OVH service failure. This will include cases where there may be a fault or issue that affects multiple customers e.g. in communal parts of OVH owned buildings.
4.4	Where staff or partner agencies working on behalf of OVH cause loss or damage to personal property or injury to tenants or leaseholders, this may be an insurance issue and not a claim for compensation.
4.5	Where compensation is payable, OVH will make payment to the tenant, leaseholder or applicant by BACS payment direct to their bank account, OVH will not make any direct cash payments.
4.6	Where tenants are in arrears or owe other monies to OVH, they may choose to have compensation payments (in full or in part) offset against monies owed and if they wish to pursue this option, they should inform OVH of their intentions.
4.7	OVH will monitor all compensation payments that are made as part of good financial management (with internal verification checks for all payments that are authorised).
5	Performance
5.1	OVH will internally monitor and report on the total levels of compensation and gestures of goodwill paid on an annual basis.
6	Consultation
6.1	All OVH staff have also been consulted in the development of this Policy. Customer representatives have also been consulted in the development in this Policy.
7	Review
7.1	The Policy will be reviewed annually, (from the date of approval) by the Executive Management Team (EMT) with delegated authority from the board, to ensure continuing suitability, adequacy and effectiveness or as required by the introduction of new legislation or regulation that impacts on the obligations of OVH to provide compensation.

8	Equality Impact Assessment			
8.1	Was a full Equality Impact Assessment (EIA) required?	Yes		
8.2	When was EIA conducted and by who?	An EIA was carried out by the Regulatory Compliance Manager and the Policy and Strategy Administrator in December 2024.		
8.3	Results of EIA	The results did not indicate that there are any negative or differential impacts across any of the protected characteristics.		
9	Scheme of Delegation			
9.1	Responsible committee for approving and monitoring implementation of the Policy and any amendments to it	EMT		
9.2	Responsible officer for formulating Policy and reporting to committee on its effective implementation	Director of Housing and Customer Services		
9.3	Responsible officer for formulating, reviewing and monitoring implementation of procedures	Director of Housing and Customer Services		
10	Amendment Log			
Date of revision:		Reason for revision:	Consultation record:	Record of amendments:
21 st December 2021		Policy reviewed in line with the Review Schedule	See section 6	There are no significant changes to the Policy in this review.
20 th December 2022		Policy reviewed in line with the Review Schedule	See section 6	There are no significant changes to the Policy in this review.
4 th February 2025		Policy reviewed due to change in operational practice	See section 6	- Team names updated throughout - EIA information updated in Section 8 - Guidance around Home Loss payments changed throughout – OVH will not take any owed monies from these payments unless at tenant request - Home improvement lifespans changed in Section 3.3.2

			• Clause added at 3.1.7 to state OVH's compliance with the Housing Ombudsman Complaint Handling Code and how OVH assess amounts awarded in compensation
